The 23 Buying Triggers That Replace a $4,000/mo Human SDR

Most B2B companies burn $4,000 to $6,000 every month hiring SDRs who manually spray 50 generic templates a day with a 0.8% reply rate.

Here is the exact **23-trigger intent architecture** powering **Vance AI** to book high-ticket discovery calls on autopilot.

We don't send cold emails. We send timed reactions.
